Education

HMR Institute Of Technology And Management   **2020-2024**
New Delhi
B.Tech in Computer Science and Engineering **|** CGPA **: 8.99 /10**
Govt Boys Sr-Sec School,Delhi   **2018-2019**
CBSE (Class XII) Aggregate **: 82.2%**
Sarvodya Co-Ed Vidyalaya,Delhi   **2016-2017**
CBSE (Class X) CGPA **: 8.8/10**

Skills

Languages : C++ | Python | Java | JavaScript

Web Development : HTML | CSS | JAVASCRIPT | REACT-JS | NODE-JS | EXPRESS

Problem-Solving : Data-Structures & Algorithms

Cs Fundamentals : Operating Systems | Object-Oriented Programming | Computer Networks | DBMS

Database : MySQL | MONGODB

Projects

Project 1
PLATFORM-16   **Duration: 24 Nov 2023 – 6 Feb 2024**
**• Technology : HTML | CSS | JAVASCRIPT | REACT JS | NODE JS | EXPRESS JS | MONGODB | STRIPE |
NODEMAILER | RAPID API**
• Developed a responsive Full-Stack web application for checking real-time seat availability, pnr status, train-details, running status of Indian railways along with payment gateway
• User's can easily book and track their ticket history, they can also read and write the reviews about the train and can check all the information of a train by entering the train number.
• Project always show real-time data by the integration of real time Api
• Learnings : Learned How to Handle the real-time Api and receive the data from them.

Project 2
MY STORE   **Duration: 8 Aug 2023 -19 Oct 2023**
• Technology : HTML | CSS | JAVASCRIPT | REACT JS | STRAPI | STRIPE
• MY STORE Is an E-Commerce site which contains various electronic products with their attractive price, it also contains category section in which users can filter the item based on category.
• Customers can search their favorite product and add the item into the cart and then checkout the payment easily.
• Learnings : Understood How Stripe Payment Gateway Integrated In real-life projects.

Project 3
MY CLASSROOM   **Duration: 11th Apr 2023 – 15th July 2023**
• Technology : HTML | CSS | JAVASCRIPT | REACT JS | NODE JS | EXPRESS JS | MONGODB
• Classroom Web Application in which Principal can Create,Delete,and Modify the Details of Classes,Teachers, and Students.
• Teachers can also Add and Delete Details of the Students and are able to make timetables of the Classes.
• Learnings : Learned How to work with front-end and backend technologies .
• Link : https://classroom-weld.vercel.app/   Email : principal@classroom.com   **Password :** Admin

Achievements

● Solved 2000+ DSA PROBLEMS On Platforms Like : GEEKS FOR GEEKS | LEETCODE | CODEFORCES
● Rank-1 In College On GEEKS FOR GEEKS Platform | Coding Score : 4000
● In Top 100 On GEEKS FOR GEEKS (Overall Rank)
● 1825 Rating On a LEETCODE (4 Star)
● **GEEKS FOR GEEKS :** Handle : https://auth.geeksforgeeks.org/user/rohitjaiswal420/practice
● **LEETCODE :** Handle : https://leetcode.com/coderrohit12/
